

STRONGEST IN THE INDUSTRY!

Ancra winches comply with DOT, WST-DA-T3 and Canadian Standard 905 regulations. Available in different base configurations to suit a variety of needs and load requirements.

All winches shown are right hand models. Left hand models may be available on special orders.

Black powder coat finishes are standard on portable and slider winches. E-coat finishes are standard on weld-on and 3-bar winches.

Powder coating withstands 250 hours of standard salt spray testing to ensure years of service.

Smooth ground web slots prevent web wear

Stamped working load limit and Ancra name certify quality.

High-strength alloy pawl pins.

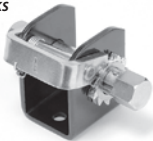

Seamless solid steel mandrel.
