

FOR SNOWMOBILES & RECREATION VEHICLES!

Our versatile 3-POINT™ Recovery Strap provides on-the-spot emergency assistance to recover immobile or disabled recreational vehicles. Developed for snowmobiles, this product is light weight, compact and can be used to recover virtually any recreational vehicle weighing up to 1,000 lbs. The two-piece design keeps front skis and tires aligned with the pulling vehicle while the soft-loop hooks help protect expensive paint, metal and chrome finishes. Heavy duty zinc plated Snap Hooks and D-Rings along with sliding polyester wear guards further enhance the performance of this strap in the harshest conditions.

FEATURES:

- 15' Recovery Strap system with snap hooks
- Great for snowmobiles, ATVs, and other small recreation vehicles
- Soft loop with protective sleeves guard vehicle finish
- Rugged zinc plated hardware
- 1,000 lbs max vehicle weight/ 3,000 lbs breaking strength
